- Provide preventive health advice and patient education

Clinical practice

- Perform minor medical procedures
- Assist senior physicians when required
- Monitor patient progress and adjust treatment plans

Team collaboration

- Work closely with nurses and the multidisciplinary team
- Participate in case discussions and coordinated care planning

Emergency response

- Respond promptly and efficiently to medical emergencies

Medical documentation & ethics

- Maintain accurate medical records

- Ensure confidentiality and compliance with professional standards

Professional development

- Engage in continuous medical education
- Contribute to knowledge-sharing within the clinic

Qualifications & requirements

- MBBS or equivalent medical degree recognized in Mauritius
- Full registration with the Medical Council of Mauritius
- Valid practicing licence
- Strong clinical judgement and diagnostic skills
- Excellent communication and interpersonal skills
- Ability to work under pressure
- Strong ethical standards and respect for patient confidentiality
